REQUEST FOR WITHDRAWAL AS ATTORNEY OR AGENT AND CHANGE OF CORRESPONDENCE ADDRESS	Application Number	10/809,735-Conf. #8185
	Filing Date	March 25, 2004
	First Named Inventor	Desmond R. Lim
	Art Unit	2874
	Examiner Name	S. U. Song
	Attorney Docket Number	58780(47686)

Commissioner for Patents
To: P.O. Box 1450
Alexandria, VA 22313-1450

Please withdraw me as attorney or agent for the above identified patent application, and

- ☐ all the attorneys/agents of record.
- ☐ the attorneys/agents (with registration numbers) listed on the attached paper(s), or
- ☒ the attorneys/agents associated with Customer Number 21874

The basis for the Request for Withdrawal is 37 C.F.R. §10.40(c)(1)(iv) and (vi). As to §10.40(c)(1)(iv) enclosed with the present request is an Account Receivable analysis for LNL Technologies, Inc. including the above-identified application. LNL Technologies, Inc. is the Assignee of the entire right, title and interest in the above-identified by way of an assignment filed in the United States Patent and Trademark Office on April 21, 2003, reel 013984, frame 0188.

As evidence by the attached engagement letter, it was agreed by the then President Mark Noorzai of LNL Technologies, Inc. (then known as L3 Optics, Inc.), that the company would be invoiced for services provided by our law firm on a monthly and/or per task basis and that LNL Technologies would make regular payments against the balance due.

In the accompanying Account Receivable analysis it is shown that as of February 22, 2005, LNL Technologies had an outstanding balance of \$107,247.14 due to our law firm. The entire balance is more than 180 days old. This balance includes out-of-pocket disbursements on behalf of the client.

LNL Technologies has totally failed to address this outstanding balance, as well as repeated requests to address the outstanding balance of its bill.

Furthermore, LNL Technologies has failed to consistently provide us with instruction or authorization to proceed. This is not the only matter for which we represent LNL Technologies, Inc. Our firm's requests for instruction often go unanswered.

LNL Technologies has been supplied with copies of all prosecution document as filed with, or received from, the United States Patent and Trademark Office, including all papers necessary for it to evaluate the situation, instruct us or engage other counsel if it so chooses. Accordingly, permissive withdrawal is requested under the provisions of 37 C.F.R. §10.40(c)(1)(iv) and (vi), because LNL Technologies, Inc. has failed to pay one or more bills rendered by the practitioner for an unreasonable period of time.

There is currently a pending Office Action in the above-referenced application. No response is due until April 18, 2005 and the period for response may be extended for an additional three months. Therefore, the time left for response is at least 40 days. In accordance with 37 C.F.R. §10.40(a), a copy of this Request, including attachments, is being sent to the client. A copy of the letter to the client is attached hereto.

As a result of the above, we the following attorneys (Customer No. 21874) are withdrawing under the provisions of 37 C.F.R. §1.36, under the authorized signature of Howard M. Gitten, Reg. No. 32,138 who signs this petition on our behalf.

Re: Client Relationship with L3 Optics Inc.

Dear Mr. Noorzay:

We believe that the interests of our clients and our firm are best served by having a clear understanding as to the basis upon which bills are to be rendered and paid. The purpose of this letter is to provide that understanding between us.

Set forth below are the terms upon which fees, disbursements and charges are billed to our clients. Except to the extent otherwise provided in a written agreement between us and the Client, these terms will govern with respect to all matters handled by our Firm on behalf of a Client.

Legal Fees

Our fees for legal services performed by lawyers, paralegals and other professionals generally will be determined by multiplying the normal hourly rates for such professionals by the number of hours worked on behalf of the client. Hourly rates are revised periodically and vary considerably depending upon many factors including experience, specialized expertise, seniority and market factors. Attorney's fees at present range from about \$120 per hour to about \$480 per hour. Howard Gitten will be primarily responsible for your matters and his billing rate is currently \$275 per hour.

We charge in increments of one tenth (1/10) of an hour, rounded off for each particular activity to the nearest one tenth of an hour. The minimum charge for any particular activity is one tenth of an hour. Some activities may be billed at a fixed rate, e.g. preparation of trademark applications, filing of U.S. patent applications based on foreign priority applications.

If, while this Agreement is in effect, we change the hourly rates the change may be applied to fees/ communications charges incurred under this Agreement, but only with respect to services provided after the change has been made. If a Client chooses

M.N.

not to consent to the increased rates and/ or changed communications charge, the Client may terminate our services under the Agreement by written Notice, effective when received by us. As to such termination, Client must execute and provide to us any necessary withdrawals or other appropriate documents.

Disbursements, Expenses and Charges

All out-of-pocket costs, disbursements and/or expenses incurred by us are the responsibility of the client. Examples of such costs, disbursements and expenses include, but are not limited to, USPTO fees, filing fees, court fees, computer research, outsourcing photocopying of voluminous documents, courier expenses including express mail charges, photocopying charges, travel expenses, court reporter fees, secretarial overtime and witness fees. In lieu of separately billing clients for long distance charges, faxes, postage (excluding express mail service), and other similar expenses, the client is billed a communications charge equal to 2.5% of the fee portion of the bill. In the case of individual or related disbursements in excess of \$200 (e.g., expert witness fees, airline tickets, etc.) or USPTO fees in excess of \$100, we may request an advance payment from Client as a disbursement retainer. Other arrangements, however, such as direct billing of the Client for such charges can be arranged in appropriate circumstances and when agreed to in writing.

Payment

Bills for legal services, disbursements and charges are due upon presentment. Client agrees to pay in full any balance due except as otherwise provided by written agreement. To the extent any of our bills remain unpaid for more than 30 days following presentment to you a late payment charge may be assessed to the bill to be paid. As to other unpaid bills, a late payment charge equal to 1% per month may be assessed until the bill including the late payment charge is paid in full.

To the extent bills are not timely paid, we reserve the right to decline to perform further services or to withdraw from representation of the client.

If these arrangements are acceptable to you, kindly sign the enclosed copy of this letter to so indicate, and return it to me.

This letter sounds rather cold, as such agreements normally do. However, we are warmly looking forward to working with you and helping you and your company safeguard its hard earned intellectual property. If there are any questions or requests, please do not hesitate to let me know.

Best regards,

EDWARDS & ANGELL LLP
